

Millennium announcements.

Here are a few options. These are designed for quick posts on social media – Instagram, Facebook, etc., and you can even put a blurb on the website, but for SEO and proper marketing, anything on the website should be longer and have more details.

**Option 1:**

Effective immediately, Millennium Luxury Coaches is happy to announce that all 2019 models will come with a new, groundbreaking 360° camera system! With four ultra wide-angle cameras covering all sides of your vehicle and providing a simultaneous video stream to your control panel, this revolutionary technology will give you an unfettered bird's eye view of your entire vehicle whether you're parked or on the go.

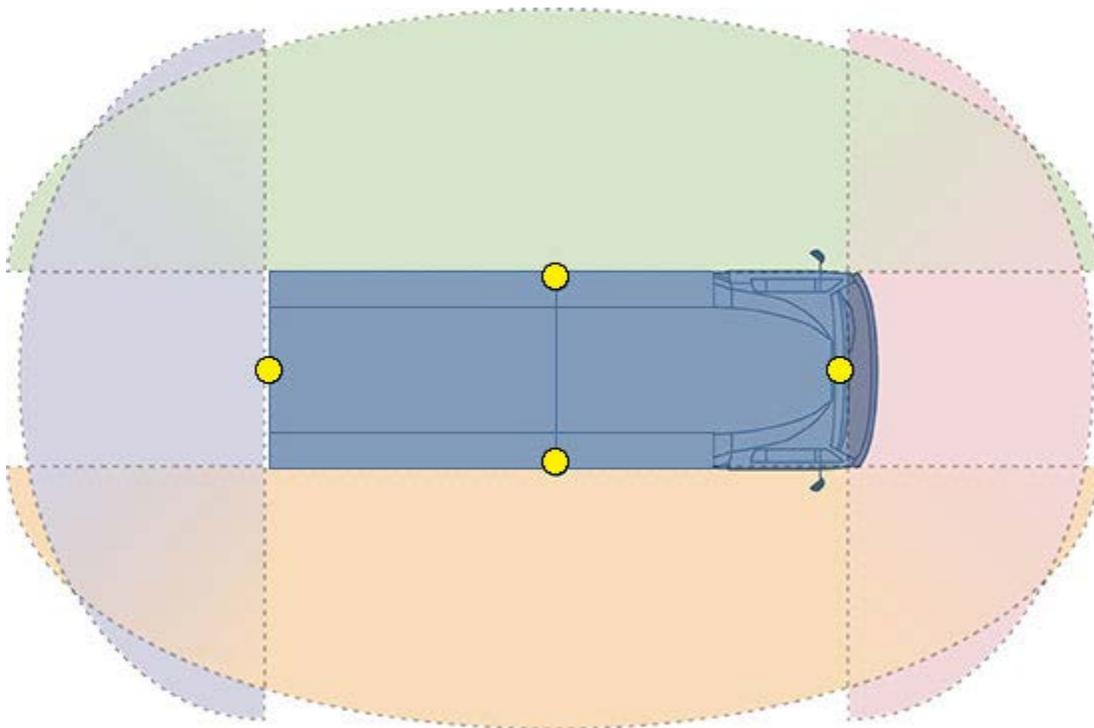

“Here at Millennium, we pay close attention to the daily challenges our drivers face. After looking at trends in the luxury automobile industry, and as we focus on the future, it only made sense to offer this added safety feature to our customers,” said Nelson Figueroa, President and Founder of Millennium Luxury Coaches.

Call us today at 877-322-0190 for more information or to place your order for a 2019 Millennium Luxury Coach!

**Option 2:**

Some of the biggest obstacles to our customers who love driving their luxury coaches are blind spots. Whether you're backing up, turning, or changing lanes, hidden obstacles are a driver's biggest fear . . . until now! Millennium Luxury Coaches announces that all 2019 models will come with new technology that provides full unobstructed views on all sides! This advanced camera system will connect four ultra-wide angle cameras and seamlessly stream an uninterrupted video stream to your center console, allowing you to see a blind spot-free 360° bird's eye view around your luxury coach. Call us today at 877-322-0190 for more information or to place your order for a 2019 Millennium Luxury Coach!

**Option 3:**

Imagine being able to see all sides of your luxury coach next time you're on the road. All four sides, no blind spots, no worries about cars or animals or people in the way as you drive, change lanes, back up, or turn. Wouldn't that be amazing?

Millennium Luxury Coaches is about to turn fantasy into reality with groundbreaking new technology on all 2019 models. This revolutionary camera system combines the video streams of four ultra-wide angle cameras seamlessly to provide you with one uninterrupted 360° bird's eye view of your entire vehicle. Never worry about a blind spot again – call today at 877-322-0190 for more information!
